# TEMPLE PRESCHOOL TEACHER SUPPORT FUND

---

We realize that parents are very grateful for their classroom teachers and that there are occasions, throughout the year, when parents would like to show their appreciation through gifts. In the past, we have had parents organize collections for these occasions and it proved to be a lot of work and a lot of asking for funds.

The Temple Preschool's Parent and Advisory Committees have created a fund to provide gifts for teachers throughout the school year. This fund serves to provide gift cards and/or cash to teachers for events such as birthdays, holidays and teacher appreciation week. To help support this fund, we ask families for a one-time contribution at the beginning of each school year. Your August tuition statement will include a \$100 line item that will go directly into the Teacher Support Fund.

Thank you, in advance, for your support of this fund. It really provides for a simplified and equitable (all full time teachers get the same amount per gift and this fund also provides a way for our support staff to receive gifts!). If, for any reason, you would like to opt out of this program, please feel free to contact the school office.
